About Us

Cirrus Purchasing Ltd is a specialist procurement consultancy and public sector framework provider supporting the social housing, public and private sectors.

The Cirrus Consortium is a group of contracting authorities across England, Scotland and Wales who have joined together to establish frameworks for a range of products and services that comply with the Public Contracts Regulations (PCR).

Cirrus Purchasing created the Consortium frameworks with our consultancy clients in mind, so all of our arrangements are designed with maximum flexibility, ease, compliance and simplicity at their core.

We manage the frameworks on behalf of the Consortium, every solution we set up is informed by our members who have free input into the arrangements.
